Aqua Mutt

An installation with Dag Girl by Mai Long

This installation introduces **Aqua Mutt**, a multifarious mythical mongrel whose boundaries have been challenged, leaving it unsure of its own unreality. **Dag Girl** is a special friend of Aqua Mutt so bound up in her own internal dramas that she is oblivious to the world beyond this. The work is comprised of papier-mache objects painted with bright and playful imagery.

MAI SAYS: "I am looking to understand the personal within specific local and global contexts; to make visible the invisible; to legitimize the illegitimate. I am searching for a simplicity that does not discount cultural chaos".
